

RECOMMENDATIONS FOR REOPENING OUR COMMUNITY

(Updated 8/31/2020)

The Wisconsin Supreme Court rendered a decision on May 13, 2020 which allowed businesses to open. This has left our community in a precarious position on many fronts. If we are not careful, our case rate may increase. If our COVID-19 cases surge, our hospitals may be overwhelmed, and we may experience an increase in preventable deaths. These are all unacceptable outcomes for our community. We must protect the most vulnerable amongst us.

Recommendations for opening are based on overall community transmission and the associated risk to community members. As community risk increases or decreases, so may the chance of someone being infected. As we learn more about disease transmission in various settings and the susceptibility of various populations, recommendations in this document will change. Information in this document is intended to help mitigate risk, but risk cannot be entirely eliminated even with mitigation steps in place. Of note, opening at any level may have benefits but carries the potential for unintentional harm.

Central Racine County Health Department (CRCHD) utilizes burden (case rate) over 14 days to identify the current risk category. These data will be updated weekly and are on the CRCHD website. There are other metrics which may be added into the risk equation in the future, including ones that CRCHD currently tracks such as disease trajectory, diagnostic testing capacity, healthcare system capacity, and public health capacity.

Important measures that everyone should take to mitigate the spread of infection to protect individuals in the pre-vaccine environment include:

- Using nonmedical face covering
- Implementing school and worksite screening for symptoms of COVID-19
- Incorporating engineering controls such as physical barriers where possible
- Reconfiguring space to enable people to be located apart (ideally, at least 6 feet)
- Cleaning and disinfecting often according to CDC guidance
- Posting signage to promote physical distancing and use of face coverings
- Ensuring people with symptoms of COVID-19 stay home and call their healthcare provider
- Washing hands frequently; covering your cough, avoiding touching your face; disinfecting frequently touched objects
- Following Central Racine County Health Department isolation and quarantine orders

Note: People over age 65 and/or with underlying medical conditions may need to take additional precautions and should consult with their medical provider before going into the public, work, or other setting.

Recommendations by Activity and Sector:

- Recommendations for Individuals (page 2)
- Recommendations for Schools, Childcare Centers, Summer Camps (pages 3-4)
- Recommendations for Businesses, Workplaces, Faith & Spiritual Communities Settings (pages 5-6)
- Recommendations for Recreational Activities and Mass Gatherings (pages 7-8)

Recommendations for Individuals

| Activity | | Low Risk | Moderate Risk | High Risk |
|---|--------------------|---|---|---|
| Stay home when you are <u>diagnosed</u> with COVID-19 | | Stay home for 10 days from symptom onset and be symptom-free for 24 hours | Stay home for 10 days from symptom onset and be symptom-free for 24 hours | Stay home for 10 days from symptom onset and be symptom-free for 24 hours |
| Stay home when you have <u>any</u> symptoms and <u>are not</u> tested for COVID-19 | | Stay home until symptom-free for 24 hours without fever-reducing medications OR follow your workplace guidance (see K-12 for Schools) | Stay home until symptom-free for 24 hours without fever-reducing medications OR follow your workplace guidance (see K-12 for Schools) | Stay home until symptom-free for 24 hours without fever-reducing medications OR follow your workplace guidance (see K-12 for Schools) |
| Stay home when you <u>are tested</u> for COVID-19 and results are pending | | Notify your employer or school contact of testing and pending results | Notify your employer or school contact of testing and pending results | Notify your employer or school contact of testing and pending results |
| Stay home when you are <u>exposed</u> to a COVID-19 case | | Stay home for 14 days since last exposure | Stay home for 14 days since last exposure | Stay home for 14 days since last exposure |
| Practice physical distancing and wear nonmedical face coverings <u>while in public</u> (including shopping) | | Physical distancing AND wear face covering when around non-household members | Physical distancing AND wear covering 100% of time when around non-household members | Physical distancing AND wear covering 100% of time when around non-household members |
| Protect yourself in the <u>workplace</u> | | Physical distancing AND wear face covering when around staff/customers | Physical distancing AND wear face covering when around staff/customers | Work from home encouraged; physical distancing AND wear face covering 100% of time when around staff/customers |
| <u>Social gatherings:</u> Includes household gatherings, in addition to weddings, funerals, religious ceremonies, and birthday parties | Indoors | 75% capacity AND maintain physical distance | 50% capacity or 50 people or fewer people, whichever is less; wear face covering AND maintain physical distance | 25% capacity or 10 or fewer people, whichever is less, wear face covering AND maintain physical distance |
| | Outdoors | 100 or less, situation-dependent, wear face covering OR maintain physical distance | 50 or less, wear face covering AND maintain physical distance | 10 or less, wear face covering AND maintain physical distance |
| Visiting a <u>restaurant/bar</u> | Indoors | Dine-in okay, wear face covering when not eating/drinking AND physical distance | Dine-in okay, wear face covering when not eating/drinking AND physical distance | Take-out, curbside pick-up or delivery recommended |
| | Outdoors | Dine-in okay, face coverings and physical distance not required if dining only with members of your household; physical distance with non-household members | Dine-in okay, face coverings and physical distance not required if dining only with members of your household; physical distance with non-household members | Take-out, curbside pick-up or delivery recommended |
| Leisure Travel Outside of Central Racine County Health Department jurisdiction | By car | Resume travel to low-risk areas; recommend against travel to high-risk locations | Resume travel to low-risk areas; recommend against travel to high-risk locations- 14-day quarantine advised if travel to high risk areas | Do not travel to high-risk locations; 14-day quarantine recommended for any travel |
| | By plane or cruise | | 14-day quarantine recommended | Strongly recommend against plane/cruise travel, 14-day quarantine after travel strongly advised |
| Personal care services (hair salon, nails, salon-based massage, etc.) | | Receive services only if you AND professional can wear face covering | Receive services only if you AND professional can wear face covering | Recommend closure. If open, receive services only if you AND professional can wear face covering |

Recommendations for Schools, Childcare Centers, Summer Camps

| Activity | Low Risk | Moderate Risk | High Risk | |
|--------------|--|--|---|---|
| K-12 Schools | Type of Learning* *Some students (those with health concerns) may need to participate virtually on an as-needed basis | <u>In-Person Learning*</u> : The vast majority of students attend in-person while maintain physical distancing to the extent possible and with face coverings. Follow DPI <i>Forward Education</i> guidance and <i>Interim COVID-19 Infection Control and Mitigation Measures for Schools</i> . | <u>Physically Distanced Learning*</u> : Students attend both in-person with social distancing to the extent possible AND/OR virtually, utilizing classrooms, outdoor learning spaces, other spaces, homes. Follow DPI <i>Forward Education</i> guidance and <i>Interim COVID-19 Infection Control and Mitigation Measures for Schools</i> . | <u>Virtual Learning</u> : All students attend virtually using digital, analog, synchronous, asynchronous, or models with both synchronous and asynchronous learning. Follow DPI <i>Forward Education</i> guidance. |
| | Screening of students, staff | Students should be screened daily for symptoms at home; staff should self-monitor daily | Students should be screened daily for symptoms at home; staff should self-monitor daily | Staff should self-monitor daily |
| | Physical distancing and face coverings | Require physical distancing to the extent possible AND face covering for students, staff; cohort students to the extent possible | Require physical distancing to the extent possible AND face covering for students, staff; cohort students to the extent possible | Require physical distancing AND face covering for staff |
| | Diagnosed or exposed students, staff (see Recommendations for Individuals above) | Works with CRCHD to ensure isolation of cases and quarantine of contacts | Works with CRCHD to ensure isolation of cases and quarantine of contacts | Works with CRCHD to ensure isolation of cases and quarantine of contacts |
| | <u>Ill students and staff who are not tested</u> for COVID-19 and not a contact to a case | Stay home for 10 days from symptom onset and be symptom-free for 24 hours (unless diagnosed with another condition and COVID-19 ruled out) | Stay home for 10 days from symptom onset and be symptom-free for 24 hours (unless diagnosed with another condition and COVID-19 ruled out) | Stay home for 10 days from symptom onset and be symptom-free for 24 hours (unless diagnosed with another condition and COVID-19 ruled out) |
| | Reporting of cases and exposures to CRCHD | Yes, report confirmed cases, known exposures to the case, and those tested with pending results | Yes, report confirmed cases, known exposures to the case, and those tested with pending results | Yes, report confirmed cases, known exposures to the case, and those tested with pending results |
| | School syndromic surveillance | Active – report weekly to CRCHD | Active – report weekly to CRCHD | N/A |
| | Visitors | Allow as needed with face covering AND physical distancing | Do not allow unless authorized and with a face covering AND physical distancing | Do not allow |
| | Cleaning | Clean classrooms, restrooms and common areas each night | Clean classrooms, restrooms and common areas each night | Clean classrooms, restrooms and common areas each night |
| | Assemblies, gatherings, meetings, etc. | 75% capacity or 75 people or less, with ability to maintain physical distancing | 50% capacity or 50 people or less, with ability to maintain physical distancing AND face coverings | No |
| | Shared supplies | Yes, with cleaning | No | No |
| Busing | Yes, with face coverings AND assigned seats AND physical distance to extent possible AND ability to contact trace all children on a bus | Yes, with face coverings AND assigned seats AND physical distance to extent possible AND ability to contact trace all children on a bus | N/A | |

| | | | | |
|--------------------------|--|--|---|---|
| K-12 Schools | Students, staff with underlying conditions | Check with healthcare provider about attending, working at school | Check with healthcare provider about attending, working at school | Check with healthcare provider about attending, working at school |
| | School closures | Contact CRCHD | Contact CRCHD | Contact CRCHD |
| K-12 School Food Service | | Cohort students for lunch to the extent possible; prepackaged foods and no self-service | Cohort students for lunch to the extent possible; prepackaged foods and no self-service | N/A |
| School Sports | | Refer to <i>WIAA Guidance</i> | Refer to <i>WIAA Guidance</i> ; spectators and concessions only if physical distancing can be maintained | Refer to <i>WIAA Guidance</i> ; spectators and concessions not recommended |
| Summer Camps | | Open with daily screening of staff and participants. Face coverings OR physical distancing to extent possible. Group sizes not to exceed 15 ; do not comingle between groups. Prioritize outdoor activities. Groups from local area recommended. Follow WDATCP guidance for <i>Summer Camps for Children</i> . | Open with daily screening of staff and participants. Face coverings AND physical distancing to extent possible. Group sizes not to exceed 15 ; do not comingle between groups. Prioritize outdoor activities. Groups from local area recommended. Follow WDATCP guidance for <i>Summer Camps for Children</i> . | Recommend closing for onsite activities. <u>If Open</u> Daily screening of staff and participants, keep group sizes to ≤ 10 , stay with group all day, no mingling between groups. Prioritize outdoor activities. Allow campers from local area only. Physical distancing to the extent possible AND face coverings. Follow WDATCP guidance <i>Summer Camps for Children</i> . |
| Childcare Centers | | Open, daily screening of children/staff; physical distancing AND face coverings for staff; physical distancing AND face coverings to extent possible for children; no groups not larger than 15 , no interaction between groups. Follow DCF guidance. | Open, with up to 75% capacity and daily screening of children/staff; physical distancing AND face coverings for staff; physical distancing AND face coverings to extent possible for children; no groups not larger than 15 , no interaction between groups. Follow DCF guidance. | Up to 10 staff and 50 children. Prioritize care for those working in operating businesses, daily screening of children/staff required, minimize groups as much as possible (groups not larger than 15, no interaction between groups); face coverings for all staff AND children as possible. Follow DCF guidance. |
| Post-secondary schools | | Students and staff should self-monitor for symptoms and not attend class if ill. No gatherings >75% capacity; physical distancing AND face coverings for students and staff; follow K-12 guidance for illness, case reporting, syndromic surveillance, visitors, cleaning, supplies, closures, etc. | Students and staff should self-monitor for symptoms and not attend class if ill. No gatherings >50% capacity; physical distancing AND face coverings for students and staff; follow K-12 guidance for illness, case reporting, syndromic surveillance, visitors, cleaning, supplies, closures, etc. | Open to facilitate distance learning, performing critical research, or performing essential functions as determined by the institution; daily screening of on-site staff during essential functions; face coverings AND physical distance for on-site staff; follow K-12 guidance for illness, case reporting, syndromic surveillance, visitors, cleaning, supplies, closures, etc. |

Recommendations for Businesses, Workplaces, Faith & Spiritual Communities, Congregate Settings

| Activity / Sector | Low Risk | Moderate Risk | High Risk |
|---|---|---|---|
| Businesses and Workplaces | Open with daily screening of staff. Operate offices at 75% capacity. Physical distancing AND face coverings for staff. Follow WEDC guidance. | Open with daily screening of staff. Operate offices at 50% capacity. Physical distancing AND face coverings for staff. Follow WEDC guidance. | Only essential work force on-site. Encourage working from home. Daily screening of on-site staff. Physical distancing AND face coverings for staff. Communal spaces closed. Follow WEDC guidance. |
| Government and Other Public Business Meetings | Open with screening of staff and the public. Operate at 75% capacity. Physical distancing AND face coverings for staff AND the public. | Open with screening of staff and the public. Operate at 50% capacity. Physical distancing AND face coverings for staff AND the public. | Recommend not holding the meetings in-person. |
| Bars and Restaurants | Open with daily screening of staff. Operate at 75% capacity for indoor and outdoor seating. Physical distance to the extent possible. No customer self-service. Face coverings for staff. Follow WEDC and WDATCP guidance for restaurants. | Open with daily screening of staff. Operate at 50% capacity for both indoor and outdoor seating. Assure physical distancing; 6 feet between tables, bar areas maintain 6 feet between households. Face coverings for staff AND customers. No customer self-service. Follow WEDC and WDATCP guidance for restaurants. | Recommend takeout, delivery, or curbside pick-up only. <u>If Open:</u> Open with daily screening of staff. Operate at 25% capacity for both indoor and outdoor seating. Assure physical distancing; 6 feet between tables, bar areas maintain 6 feet between households. Face coverings for staff AND customers. No customer self-service. Follow WEDC and WDATCP guidance for restaurants. |
| Stores that sell Groceries and Medicine | Open with daily screening of staff. Operate at 100% capacity. Assure physical distancing of customers AND staff. Face coverings for staff. No sampling of goods like food or makeup. Follow WEDC guidance. | Open with daily screening of staff. Operate at 75% capacity. Assure physical distancing of customers AND staff. Face coverings for staff AND customers. No sampling of goods like food or makeup. Follow WEDC guidance. | Open with daily screening of staff. Operate at 50% capacity. Assure physical distancing of customers AND staff. Face coverings for staff AND customers. No sampling of goods like food or makeup. Follow WEDC guidance. |
| Retail Establishments | Open with daily screening of staff. Operate at 75% capacity. Assure physical distancing of customers AND staff. Face coverings for staff. No sampling of goods like food or makeup. Follow WEDC guidance. | Open with daily screening of staff. Operate at 50% capacity. Assure physical distancing of customers AND staff. Face coverings for staff AND customers. No sampling of goods like food or makeup. Follow WEDC guidance. | Open with daily screening of staff. Operate at 25% capacity. Assure physical distancing of customers AND staff. Face coverings for staff AND customers. No sampling of goods like food or makeup. Follow WEDC guidance. |
| Indoor Shopping Malls and Large Retail (food courts follow restaurant guidance) | Open with daily screening of staff. Operate at 75% capacity. Assure physical distancing of customers AND staff. Face coverings for staff. No sampling of goods like food or makeup. Follow WEDC guidance. | Open with daily screening of staff. Operate at 50% capacity. Assure physical distancing of customers AND staff. Face coverings for staff AND customers. No sampling of goods like food or makeup. Follow WEDC guidance. | Open with daily screening of staff. Operate at 25% capacity. Assure physical distancing of customers AND staff. Face coverings for staff AND customers. No sampling of goods like food or makeup. Follow WEDC guidance. |

| | | | |
|--------------------------------------|--|--|--|
| Gyms and Recreational Facilities | Open with daily screening of staff. 75% capacity, staff wear face coverings AND physical distance. Follow WEDC guidance. | Open with daily screening of staff AND customers. 50% capacity, basketball courts and other areas where contact sports occur should be closed, saunas and steam rooms closed, physical distancing must be maintained, staff wear face coverings. Follow WEDC guidance. | Recommend closure. <u>If open</u> , daily screening of staff AND customers. 25% capacity, basketball courts and other areas where contact sports occur should be closed, saunas and steam rooms closed, physical distancing must be maintained, staff wear face coverings, extra cleaning and sanitizing practices implemented. Follow WEDC guidance. |
| Salons, Tattoo Parlors, and Spas | Open with daily screening of staff. 75% capacity, staff AND customers wear face coverings. Physical distance to the extent possible. Follow WEDC guidance. | Open with daily screening of staff. 50% capacity, staff AND customers wear face coverings, chairs/tables must be 6 feet apart. Follow WEDC guidance. | Recommend closure. <u>If open</u> , 25% capacity, staff AND customers wear fabric face coverings, chairs/tables must be 6 feet apart. Follow WEDC guidance. |
| Lodging | Open with daily screening of staff. Operate at 75% capacity. Assure physical distancing of customers AND staff. Face coverings for staff. Follow WEDC and WDATCP guidance. | Open with daily screening of staff. Operate at 75% capacity. Assure physical distancing of customers AND staff. Face coverings for staff AND customers. Follow WEDC and WDATCP guidance. | Open with daily screening of staff. Operate at 50% capacity. Assure physical distancing of customers AND staff. Face coverings for staff AND customers. All common areas closed. Follow WEDC and WDATCP guidance. |
| Campgrounds | Open with daily screening of staff. Operate at 100% capacity. Assure physical distancing of customers AND staff. Face coverings for staff. Follow WDATCP guidance. | Open with daily screening of staff. Operate at 75% capacity. Assure physical distancing of customers AND staff. Face coverings for staff. Follow WDATCP guidance. | Open with daily screening of staff. Operate at 50% capacity. Assure physical distancing of customers AND staff. Face coverings for staff. Follow WDATCP guidance. |
| Indoor Places of Worship | Open with daily screening of clergy and staff. Operate at 50% capacity. Discourage ill members from attending. Physical distancing AND face coverings for worshippers. | Open with daily screening of clergy and staff. Operate at 25% capacity. Discourage ill members from attending. Physical distancing AND face coverings for worshippers. | Recommend closure. <u>If open</u> , daily screening of clergy and staff. Operate at 10% capacity. Discourage ill members from attending. Physical distancing AND face coverings for worshippers. |
| Car Washes | All car washes open. Daily screening of staff. Assure physical distancing of customers AND staff. Face coverings for staff AND customers. | All car washes open. Daily screening of staff. Assure physical distancing of customers AND staff. Face coverings for staff AND customers. | All car washes open. Daily screening of staff. Assure physical distancing of customers AND staff. Face coverings for staff AND customers. |
| Cleaning Services | Daily screening of staff. Operate if physical distancing AND staff wear face coverings. Follow WEDC guidance. | Daily screening of staff. Operate if physical distancing AND staff wearing face coverings. Follow WEDC guidance. | Operate if by one-person, physical distancing AND staff wearing face coverings maintained. Daily screening of staff. Follow WEDC guidance. |
| Exterior Work at a Private Residence | Daily screening of staff. Operate if physical distancing. | Daily screening of staff. Operate if physical distancing OR wearing face coverings. | Daily screening of staff. Operate if physical distancing AND wearing face coverings. |
| Interior Work at a Private Residence | Daily screening of staff. Operate if physical distancing. | Daily screening of staff. Operate if physical distancing AND wearing face coverings. | Daily screening of staff. Operate if physical distancing AND wearing face coverings. |

Recommendations for Recreational Activities and Mass Gatherings

| Activity / Sector | Low Risk | Moderate Risk | High Risk |
|---|--|---|---|
| Low Contact Recreational Activities (walking, bike riding, tennis, disc golf, pickle ball, dog parks, etc.) | Yes | Yes, with physical distancing between non-household members. | Yes, with physical distancing between non-household members. |
| High Risk Recreational Activities (contact or team sports) | Refer to WIAA Guidance for Summer Activities for youth team information. For adults, 75% capacity AND physical distance. | Refer to WIAA Guidance for Summer Activities for youth team information. For adults, 50% capacity, basketball courts and other areas where contact sports occur should be closed, physical distancing must be maintained. | Refer to WIAA Guidance for Summer Activities for youth team information. Not recommended for adult teams. |
| Outdoor Playgrounds and Splash Pads | Yes | Yes, with physical distancing between non-household members. | Not recommended. |
| Indoor Places of Amusement and Activity (funplexes, trampoline parks, movie & other theaters, social clubs, museums, skating rinks, bowling alleys, etc.) | Open with daily screening of staff.
