### Updates for the week of November 16:

- The case rate in Racine County has grown exponentially since September. Here's a look at weekly positive case increases since September, as published in the Racine County JIC updates:
  - Sept. 14: **+78**
  - Sept. 21: **+250**
  - Sept. 28: **+376**
  - Oct. 5: **+359**
  - Oct. 12: **+361**
  - Oct. 19: **+535**
  - Oct. 26: **+752**
  - Nov. 2: **+994**
  - Nov. 9: **+1,777**
  - Nov. 16: **+1,543**
- We've also seen a notable increase in deaths in the past month:
  - From Sept. 14 through Oct. 19, we recorded a total of **nine deaths** in Racine county.
  - But from Oct. 26 through today, Nov. 16, we have recorded a total of **38 deaths** in Racine County.
- The City of Racine Health Department has ordered the closure of school buildings in its jurisdiction from Nov. 27 to January 15. [More information here.](#)
- Wisconsin National Guard COVID-19 testing sites in Racine and Kenosha counties [can be found here.](#)
- In an address to the state last week, Gov. Tony Evers called for unity and working together in battling the COVID-19 pandemic. He also announced an executive order advising Wisconsin residents to stay home, urging precautions if you must leave home,

and encouraging businesses to take additional steps to protect workers and customers.

[Read more here.](#)

- The State of Wisconsin reached 100,000 COVID-19 cases in seven months. It then took 36 days to reach 200,000 cases, and just 18 days after that to reach 300,000 cases.
- Health care leaders continue to voice concern over the surge, saying, “it is very difficult to sustain behavior change of the kind that we need,” [according to a Journal Sentinel story.](#)
- The statewide Stop the COVID Spread coalition, which includes business groups such as Wisconsin Manufacturers and Commerce, [released its fourth ad](#) on broadcast TV and digital platforms urging Wisconsin residents to do their part to reverse the public health crisis gripping the state.
